He was also elected President of the Local Union 1707 from 1982 - 1984.

In 1987, he became a Serviceman and was promoted to Denton District Manager in 1991 where he managed the operations, construction, and member services for the entire Denton District. He was appointed to be the Special Projects Manager in 1991 where he was responsible for overseeing subsidiary business projects, such as Choptank Security and cell phone sales, as deregulation came to Maryland. Mr. Behlke was appointed to Vice President of Consumer Affairs in 2001 which oversaw the entire Member Services department which included the Member Service Center, marketing and communi-

cations, energy efficiency programs, key accounts, and government and legislative affairs. Finally, in 2010 his title was changed to Vice President of Member Affairs.

“I am so fortunate to have worked my entire career at Choptank Electric Cooperative. This company has afforded me many opportunities which I will forever be grateful for,” said Bob Behlke as he reminisced about his career. “While I am sad to be leaving my Member Services Team, I am looking forward to enjoying the next part of my life with my wife, Debbie, children, and grandchildren.”

“Choptank Electric Cooperative thanks Bob for all of his hard work and dedication to the Cooperative and its members throughout all the years. The Co-op would not be where it is today without him,” said Mike Wheatley, President and CEO of Choptank Electric Cooperative. “He is leaving behind a legacy that won’t be forgotten.”

## New SmartHub Feature: Change kWh to Cost

Another new feature has been added to SmartHub called the usage and cost toggle. This feature allows members to see their usage based on kWh or based on dollar amount. This feature could help members better understand how much energy they are using

day-to-day and assist with building budgets.

Call our Member Service Center at 1-877-892-0001 if you need any help finding this new feature!

In SmartHub Web, this feature can be found in the “My Usage” Tab, under, “Usage Explorer,” and in the SmartHub app it can be found in the “Daily Usage” page, under the gear box “Settings.”

in the Caroline County School system to solve the food insecurity issues

plaguing many children throughout Caroline County. In Caroline County, according to the Maryland State

Department of Education, 53.7% of students in kindergarten through 12th grade are enrolled in a free or reduced lunch program. This group facilitates fundraising which provides food on weekends for food insecure children in the school system who might otherwise go hungry.
